Grading

<u>Grading Scale</u>	<u>Category</u>	<u>Weight</u>
A 90%-100%	Tests	40%
B 80%-89%	Quizzes	25%
C 70%-79%	Labs	20%
D 60%-69%	Daily Work	15%
F 0%-59%		

- Semester test is worth 15% of overall grade
- Students are responsible for picking up and turning in missed work. (2 make-up days for each day absent)
- Skips/sweeps will result in zero credit.

Curriculum

Semester 1

Unit 1: Atomic Structure and Nuclear

Unit 2: The Periodic Table

Unit 3: Bonding

Unit 4: Reactions

Unit 5: Chemical Quantities

Semester 2

Unit 6: KMT and Gases

Unit 7: Thermochemistry

Unit 8: Solutions

Unit 9: Rates and Equilibrium

Unit 10: Acids and Bases

Tests

- There will be 6 tests per semester.
- Test corrections will be available for all tests except the Quarter 1 Test, Quarter 3 Test and Semester Tests
- Students will have 1 week to complete test corrections.
- Students will receive half credit for every test question they correct.
- Test corrections must be done in the classroom, test materials cannot leave the room.

Quizzes

- All quizzes will be weighted to be worth 5 points in the grade book.
- Students can retake each quiz 1 time.
- Quiz retakes must be done by the day of the unit test.
- Students will take a different version of the quiz when they retake.

Daily Work

- Homework will be given daily.
- Homework is due by the day of the test or no credit will be given.
- Homework will be graded for completion.
- Students are responsible for checking their answers on their homework.
